Boise, who became business partners in 1895 with Vanderbilt and Billy DeBevoise's great-grandfather.

"I hope they have a successful business, stay and last for another five generations," DeBevoise said of the Willows family's new business.

Willows' son, Mike, 22, hopes so, too.

"I was hoping down the road one day, if we do well, one day maybe I could take it over," said Mike Willows, a recent College of New Jersey graduate with a bachelor's degree in communications.

Vanderbilt's history is a reflection of New City's. It first served as a post office and grocery store, selling coal and livestock feed when New City was mostly a farm town. It expanded as the community did.

with the construction of the New York State Thruway and the Palisades Interstate Parkway, Clarkstown historian Robert Knight said. In the mid-20th century, the store

began to focus on hardware and building supplies, including lumber.

"They were right in the heart of everything," Knight said. "They

initially supplied all of the lumber and building materials for all of the new housing after World War II."

Caliber Builders Inc. has proposed luxury condominiums for senior citizens at the 5-acre property, which is still the site of the New City train station.

At a time when Clarkstown officials are seeking to revitalize downtown New City, the owner of the old Bradlees shopping center in New City, Alfred Weissman of MAK Development Corp. in Englewood Cliffs, N.J., intends to acquire the station, restore it and create a railroad motif at the plaza.

Willows, who has worked for the DeBevoise family for 37 years and whose new store is adjacent to the plaza said, "It'll be nice to see it there."

Sean William DeBevoise-Going to see dead, mail will

-This is literally a published article in a newspaper of supposedly my "Father," sealing the deal to have me killed in Iraq a month before I was set up. He called me around this time and told me he did something that might affect me, and this was it.

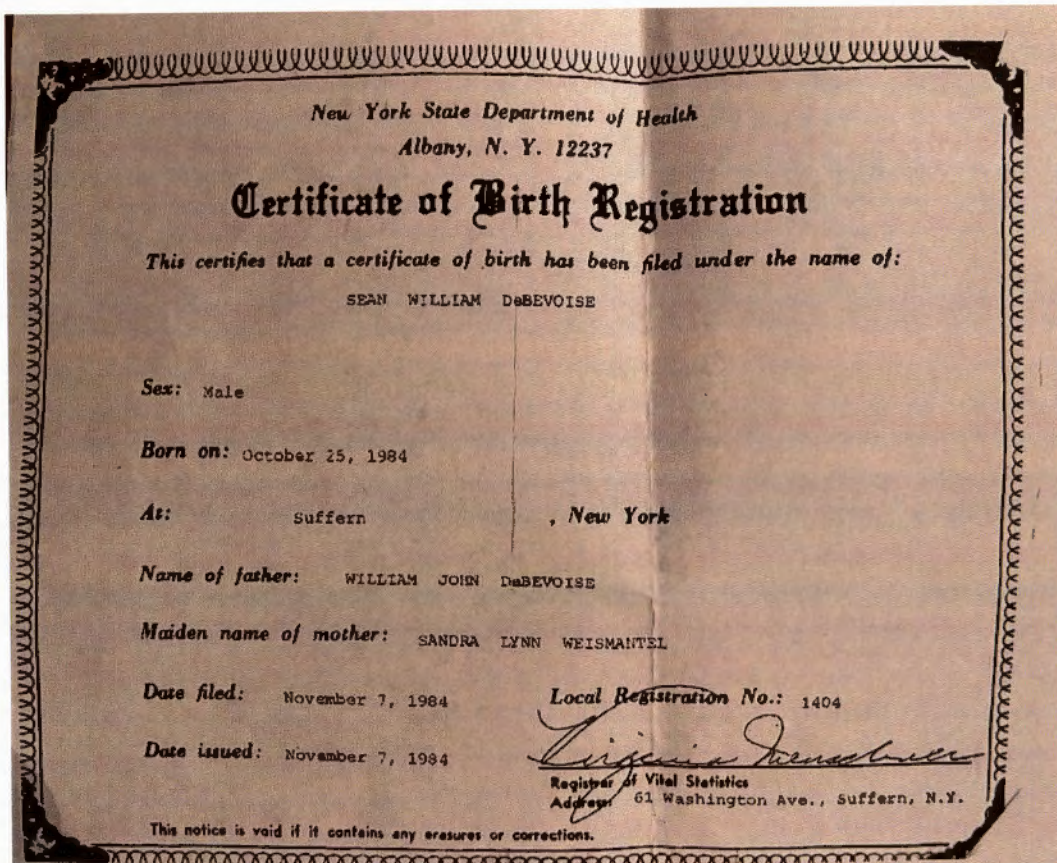

-This was solved before it occurred in Iraq; and authorities have covered it up and withheld information from me because I was being human trafficked authorities associated with a pedophile, neo-nazi, and used in Epstein's "Elite Ring" and attempted to dispose of me in Iraq. These are the same terrorists responsible for the Attacks on 9/11.

-I have been used, drugged, and abused my entire life and now when I need help you are allowing this to happen again after they attempted to kill me by poisoning. Your sheriff is helping pedophiles, the entire Iraq war and Abu Ghraib scandal was caused by White supremacists killing their own kind. This is obviously wrong.

Established 1896- "Established Now 86(kill) nnei(phenetic knee or NE)

Fake birth certificate

I have survived some of the darkest nights in U.S. history. I am the biggest patriot and supporter of the law. While I am discovering disturbing facts about what I have lived through, the following is why I could not solve this problem

The sheriff department ran drills in case of retaliation of what they did to me, but I didn't know at the time

- Multiple doctors are lying to me and mistreating me, distracting and making my already difficult life more complicated

-Detective Moore advised me to remove my "Parents," from my emergency contact without telling me why; inferring she obviously knew they were not good without giving me reason why

- Authorities are leading me on a made-up trail while this was all solved without telling me
- This event would be the 2nd major attempt of my "Captors," to murder me that I know of, 1st attempt was in Iraq and I have been saying something was wrong since then
- Authorities are actively preventing me from figuring this out by withholding information that puts my life in a very dangerous scenario
- I am being stalked by doctors and authorities, which doesn't bother me because I am not doing anything wrong, but it doesn't mean it is alright
- I am not a criminal and highly educated
- My loyalty to law enforcement is why I am in this dangerous situation
- This crime was solved before it occurred and because I survived something I was not supposed to authorities are sabotaging my life instead of holding the criminals accountable, because it makes people look bad

Some will argue that my Captor raised me to be a "Home Grown Terrorist," while this may be true I don't truly know, I am at least smart enough to realize this doesn't make sense, and who better to fight other terrorists than one who was trained similarly but to defend the U.S.. This happened the night I was wounded in Iraq.

Knowing what I know now, I was in fact "Trafficked by my "Father," and my hometown police department.

- my uncle was the chief of Clarkstown Police Department
- I casually worked out in the Police Department Gym
- It's obvious they were tracking/stalking my vehicle in accordance with my "Captor"
- The Homegrown terrorists aren't being discovered because the authorities are the ones breeding them

Some might call me a rat or make people look bad/ They are making themselves look bad and this is a disgrace to our country. Numerous amounts of my friends and good men are dead from these actions, that could have been prevented

- Authorities knew about this plan before it happened and let it happen to cover evidence, but I survived.
- Authorities knew they trafficked me for film industry, Epstein and Abu Ghraib
- They were watching me or most likely my captor from Epstein and ended in the Abu Ghraib Scandal to be disposed, two separate investigations lead to one big one
- The night I was wounded in Iraq before the mission, a man I never seen before told me he could stop this; I thought it was a normal mission; he knew it wasn't because they were watching and most likely knew about the article my "Father," published
- Everything I have survived is betrayal of trust on every level
- Every person I should and am trusting are not doing their part so I can't figure out my part

Withholding a public announcement of murder and then running drills in case of retaliation.

Authorities are not acknowledging the article because everything that happened to me is their fault and there's no denying they didn't know... my uncle was the police chief, Jimmy McCormik got hired onto Clarkstown Police Department. Knowing now I was a "Trophy" in Epstein's ring.

- Feral child
- Dr. Plotkin steroids
- I knew all the police officers and worked out in the police department gym

Doctor's who tried to kill me

- Dr. Tighe-lost license by staff for convincing me off my medication
- Dr. Karuso-Harassed, gaslighting
- Nadine Shivers P.A.-harassed, gaslighting
- Dr. Paterson-cut off
- Dr. Singh-to much
